

Invacare[®] | **Action[®] 3_{NG} Light**

Outstanding performance

Introducing the all new **Action³_{NG} Light**. Elevating the **Action** range even further with new cutting edge designs that enable the chair to smoothly glide - delivering effortless propulsion. **Action³_{NG} Light** is built upon a lightweight aluminium frame that is designed to compliment daily activities at home and out and about - mobility made easy.

- ✓ From as light as 13.0kg
- ✓ Quality performance
- ✓ Sleek black components
- ✓ Lightweight rear wheels
- ✓ Improved positioning and comfort

Action³_{NG} Light

New innovative lightweight castor housing greatly reduces the overall weight of the chair with its sleek aluminium design, angle adjustable from 0°, 3° to 6°.

Setting the adjustment is easier than ever before with a clear two part plate process enabling seat angles to be adjusted for individual positioning.

Transport weight from - 7.1kg

The **Action³_{NG} Light** is designed with both the individual and carer/attendant in mind - effortless to lift and easy to transport. The lightweight aluminium frame allows for easier propulsion and energy conservation. Light to lift making transportation easy with removable features and a compact frame.

Features and options

A new angle adjustable backrest provides precise positioning from -15° to $+15^{\circ}$, which can be carried out in one smooth process whilst the individual remains in the chair.

Folding is quick and simple with an innovative pull cord allowing the backrest to fold directly on top of the seat.

Newly designed black mesh bimaterial back upholstery delivers increased comfort and postural support. Shaped to overlap the back canes and features a new removable lumbar strap for optimal positioning.

20 degree centre of gravity positions

Black front and rear wheels

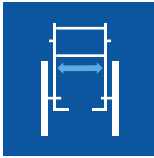

Bodypoint 2 point positioning belt

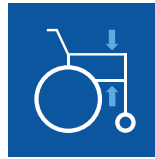

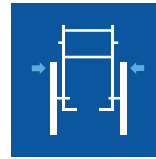

A choice of cushions individually designed to relieve pressure and provide comfort and support.
